Environmental Engineering Program

Re: 2018 Technical Standards Revisions and Training Seminars

This Department's *Technical Standards for Subsurface Sewage Disposal Systems* (Technical Standards) will be revised on January 1, 2018. The updated standards and a revision summary will be available on the Department's website after January 10, 2018: www.ct.gov/dph/subsurfacesewage. All individuals involved with the design, installation, or approval of subsurface sewage disposal systems should obtain the new Technical Standards by downloading a copy from our website or obtaining a hard copy. Local health officials will be provided a hard copy free of charge.

After January 31, 2018, hard copies (at \$3 per copy) can be obtained by mailing a check or money order (payable to: Treasurer, State of Connecticut) to:

Department of Public Health
Attn. Carmella Kuzara
410 Capitol Avenue
P.O. Box 340308 MS#12SEW
Hartford, CT 06134

The Department will be conducting regional seminars around the state to update local health officials, engineers, and licensed sewage system professionals on the revisions. Local health departments have made the arrangements for the seminars. Seating is limited at a few sites, so please check the below schedule for registration information. Program staff will be bringing hard copies of the Technical
